

Rubber Fab Now Offers Detectomer® Bevel Seat Gaskets Available in Buna

Bevel Seat gaskets are designed for use in sanitary piping systems in the Food, Dairy, and Beverage industries. The new Bevel Seat gasket is a welcomed addition to the Detectomer® product line of metal detectable/x-ray inspectable gaskets and accessories. Available in Buna and 1" - 4", this gasket is the perfect choice for processes where Detectomer® products are needed.
